Installation guide:

- This Modpack was only tested using NMM (Nexus Mod Manager <https://www.nexusmods.com/site/mods/4>)
- Make sure to check all the necessary compatibility options when installing the mods
- While installing “HQ Tree Bark”, make sure all the optional options are checked
- All the other optional options during the installation process of the mods are down to your preference
- When prompted to override certain files from other mods on installation follow these rules:
 - Can be overridden:
 - Static mesh improvements
 - Noble Skyrim mod
 - Should never be overridden:
 - Blended roads
 - Bright Waterfall Fix
 - HQ Tree Bark
 - All the other conflicts are down to your personal preference
- When you have questions just message **Lemon** or **RedRath** on discord
